RESPONSIBILITIES

Our unit Liquid Formulations & Systems (LFS) produces the new Forward AM Ultracur3D® resins who deliver class-leading performance and consistency to meet customer specific application needs. We are looking for working students to support our team.

- o As a working student you will support the Business Line with product marketing and market intelligence activities in order to take educated decisions.
- o You will identify strength and weakness of competitors and conduct a competitive analysis.
- o In addition, you will support the team with data analysis and data updates, gaining valuable experience in the process.
- o Furthermore, you will collaborate in the photopolymer specific product marketing activities.

QUALIFICATIONS

- o Ongoing bachelor's or master's degree in business administration, economics or a comparable subject area with above-average results
- o Working knowledge of databases and analytical tools
- o Ideally, knowledge in quantitative and semantic analysis skills in MS Excel and PowerPoint as well as basic knowledge in graphic and design programs
- o Fluent in English and ideally basic knowledge in German
- o Presentation skills and reliable way of working within an international team

BENEFITS

- o Onboarding to help you settle in quickly, ensuring you are part of the BASF team from day one.
- o An attractive competitive salary that is based on the company's success and your individual performance.
