

## Working Student Graphic Design (m/f/d)

Within start-up-like structures, we provide services to our customers in the automotive, aerospace and consumer goods sectors in a dynamic market. The business is built on materials, system solutions, components and services in the 3D printing sector and we work closely with global research platforms as well as BASF application technicians and cooperate with research institutes, universities, startups and industrial partners.

**LOCATION**  
Heidelberg, DE

**COMPANY**  
BASF 3D Printing Solutions GmbH

**WORKING HOURS**  
Part-time

**CONTRACT TYPE**  
Temporary

**WORKING AREA**  
Marketing

**REFERENCE CODE**  
EN59380592\_ONLE\_2

### RESPONSIBILITIES

- We are looking for working students to support our team for at least 6 months. The position is available immediately.
- o As our new working student, you will develop creative graphics concepts and design illustrations, vectorization and animations for various communications materials.
  - o You will transform graphics concepts into digital formats and create professional presentations as well as templates.
  - o In addition, you will support our team in designing our website and monitor and analyze international as well as national online trends.
  - o Furthermore, you are independently responsible for the editing, processing and retouching of product graphics and documents.

### BENEFITS

- o From day one you will be part of the BASF family.
- o You will get involved in challenging fields of activity and have the opportunity to work on exciting projects in an interdisciplinary environment.
- o Depending on the location of the respective group company you will get to know BASF and participate in various workshops and guided tours.
- o In this way you will make numerous interesting experiences and get a deep insight into the world's leading chemical company.
